**CHECKS HAVE TO BE CLEARED 2 WEEKS PRIOR TO DEPARTURE DATE**

**DRUG POLICY:** If the captain discovers illegal drugs on the voyage, your trip is terminated immediately. No refunds.

**CANCELLATION POLICY:** No refunds. Parties must show up the morning of departure. If our wind gauge reads over 25mph we will postpone for one day. We do not trust the weather service, they are very unreliable and we cannot go by Miami weather off the weather channel. If winds are 20-25mph we will/must fish the protected water of the Marquesas Keys and surrounding reefs. We do not visit Fort Jefferson National Monument in winds greater than 15-20mph.

If you wish to postpone a trip that you have already reserved, you would have to notify us **AT LEAST 30 DAYS PRIOR TO DEPARTURE**. In that case we will reschedule for another date before year end with the exception of peak season (April through July).

We do not postpone trips for rain. The fish don't care! Ask about our special weather policy in September-January.

We do not go to Fort Jefferson on an overnight charter.

**PARKING:** See Capt. To tell you where to park.

**TIPPING:** Captains appreciate tips and 15% - 20% is the norm. You are not limited of course! Feel free to reward exceptional service at your discretion.

**EQUIPMENT FAILURE:** We will not be held responsible for acts of God, or failure of any pumps, appliances, toilets, lights or any other moving part that doesn't prevent us from fishing. It's a boat. These occurrences are rare, (the boats are well maintained) but things do fail from time to time. However, we can still catch fish and have a good time.

**FISH CLEANING:** Fish cannot be cleaned while at sea. Cleaning tables are provided at the dock on your return. If you tell me at the dock I will try to find a fish cleaner.

**Tackle rental:** you brake it or lose it, you pay for it!
